Tashima Jones Media, LLC

Tashima Jones is a life coach, author, and brand consultant inspiring others to discover and live in their inner - greatness by way of Tashima Jones Media (a multimedia platform producing curated events, printed content, podcasts, and other digital properties) and Connects (a philanthropic endeavor).

Tashima Jones

Tashima Jones is an author, life coach, brand consultant, and founder of Connects. Her debut book, *Being Broke Made Me Rich*, received reviews from the co-author of the New York Times best seller, *The Millionaire Next Door*, who happened to be her professor.

She holds a bachelor's degree in business & marketing, and studied psychology on a master's level but her greatest classroom has been personal life experience. She uses both her personal life (including her lowest moment after the degree, house, luxury car, and platinum wedding ring), and professional experience (in tech, wealth management marketing, luxury brand buying, real estate, and radio) to organically coach those who are ready for authentic change in their lives.

With a desire to support creatives, Tashima also founded Connects, a fresh 501c3, focused on media, film, art, music, and the creative economy.

The Session Recaps and LifeWork allow me to digest what we talked about throughout the week and make measurable progress through the journaling process.

A few life skills I'm learning and strengthening include open and honest communication of feelings and emotions, setting and upholding boundaries, and (yes) frequent journaling.

- **J.E.**, *Physics Educator*

For years, I've been trying to navigate specific life goals but faced difficulty getting started and staying motivated. She has really helped me to identify issues that keep me stuck. She listens deeply and asks lots of questions to help me navigate the things I'm working on. She also has an amazing customized follow up and offers plenty of tools that are unique to my personality. My life has forever changed since meeting her.

- **C.R.**, *Author/Non-Profit Founder*

Tashima has definitely been part of my journey of growth and evolution from my 20's into my 30's.

Her teachings, meditations, and content have contributed to learning about who I am and unlearning what no longer serves me. I am so grateful for her life work of helping to guide others. - **N.R.**, *Director of Social Services*

Tashima's classes and workshops have always left me full and inspired! She motivates with a passion and heart unmatched! Her life is the true definition of what she teaches. I am establishing new habits like journaling my ideas and thoughts. I compare myself less and focus on my inner - leading more. I give her five stars.

- **E.B.**, *Hair Stylist/Director of Ballet*

Since starting the Sessions, I've learned about why I think and act the way that I do. Questions I've been asked for years, and answered with I don't know or No reason!, now have new answers and new meanings as a result of our talks. I've been able to see limiting thoughts and how they could hold me back in the future and see even clearer my motivation. I've also been able to reassess and shift how I look at my current positions.

- **S.S.**, *Public School Teacher*

Tashima's courses, sessions, and workshops leave me empowered and enlightened. I gain clarity as to where I am and vision for where I desire to be. Her LifeWork, worksheets, and action plan are creative, insightful, and from the heart. She displays a genuine passion to see me succeed.

- **D.R.C.**, *Healthcare Admin. Professional*
